

Advance-Nilfisk Part

Advance-Nilfisk Parts - Think about how long and tiresome it would really be to clean-up right after a party, with no help from equipment. Previously, the dust from carpets and upholstery had to be beat out of them manually; brooms, brushes and cleaning cloths were the leading cleaning products during that time.

The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who liked to work on electrical motors. After starting his company during the year 1906, he started to produce motors to drive coffee grinders, fans, machine tools and drills. Mr. Fisker's dream from the beginning was to have an international business advertising merchandise internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which could be operated by a single individual since it only weighed 17.5 kilos! This creation came in a time where various cleaning machines were huge and needed at least 4 operators, thus, the Nilfisk C1 transformed everything and developed the manner we clean forever. The brain behind these very first cleaning equipment remains unparalleled. Cleaning machines provide an excellent solution to an ongoing dilemma; stuff get dirty and have to be cleaned on a regular basis, without a lot of effort.

Slowly but steadily, Nilfisk-Advance developed through the years. In the 1980s, this development truly occurred the time the company became a part of the NKT Group. Their new owners' drive and focus made Nilfisk-Advance take a huge leap ahead within the industry, trying to be one of the biggest global players in the market of professional cleaning machines. Nilfisk-Advance is currently represented in all parts of the globe by gradually acquiring many smaller businesses in order to develop their product range and presence in new markets. They are really proud to provide different cleaning solutions to meet each need.
